

# Every Woman Deserves the Chance to Hope Again

---

## Mission & Vision

Restore Hope Mentors work to build relationships with women experiencing homelessness, providing them with resource connections while working to discover & address the underlying causes of their situation. Our vision is that all women struggling with homelessness would have the opportunity to flourish.

## Rationale

More than 4,500 single adult women sleep in NYC shelters each night (*NYC DHS, FY21 data*). These women often feel unseen, unknown, & unloved, which can hinder them from reaching their full potential (*Maslow*). Restore Hope partners with organizations to ensure basic needs are met while also working to establish positive relationships & community. Personal encounters build trust & help women regain a sense of self-esteem, building momentum & motivation to pursue their goals.

## By The Numbers
